

Upavon Parish Council Police Report, May 2017

Hello and welcome to this Community Policing Team report for Upavon.

Over the last month Wiltshire Police has been running a survey, collecting feedback about the Community Policing Team model. We thank you all for your help in generating this important information, which will help us to ensure that we are providing the high quality of service that the people of Wiltshire and Swindon deserve and expect.

Many of you may have already seen a number of our officers sporting new body worn video cameras. These devices are the latest of investments in technology as Wiltshire Police strives to be innovative in its approach, providing an effective, efficient and quality service. Following our successful pilot earlier in the year, our full rollout is progressing well and already there has been positive feedback.

With the news that a general election has been called, we would like to reassure the public that there will be an appropriate policing plan in place ahead of the vote in June.

Thank you for your continued support to Wiltshire Police.

Current Priorities Pewsey and surrounding areas.

Dwelling and non-dwelling burglaries.

Nearly 200 targeted patrols have occurred since this niche priority was created on the 26th October 2016 (at the commencement of CPT). In the last month since your last meeting, we have had twelve burglaries - one dwelling and eleven non-dwelling. Wiltshire Police will be continuing to limit the number of offences by pro-active policing and ongoing policing operations in these areas.

A rural crime operation was carried out in early February. This involved local estate managers and gamekeepers, as well as our colleagues from Thames Valley Police, there are more planned in the coming weeks and months alongside or Special Constabulary colleagues.

Community intelligence is crucial for us to take action on this priority so please continue to report incidents, information and any concerns.

Theft from motor vehicles

Whilst predominantly a seasonal issue more prevalent in the warmer and lighter months, this area has seen a number of vehicles broken into at beauty spots. This has also spread to our villages. Again, intelligence work is ongoing to attempt to identify local offenders. Further work is being undertaken in company with English Heritage and the National Trust to improve signage and to highlight the possibility of offences being committed when parked in these locations, officers continue to patrol our beauty spots and offer security advice to those we meet.

Any Relevant Series for April 2017

Local Crimes
